

**LETTER OF REFERENCE**

Regarding

**MICHAEL ARRINGTON  
STARR CORPORATION**

Sent via email to [michaela@starrcorporation.com](mailto:michaela@starrcorporation.com)

To Whom It May Concern:

I write this letter to give my highest recommendation of Michael Arrington and his team at Starr Corporation. Michael was the Construction Manager on my Canyon Crest Dining & Event Center project. This project consisted of building a beautiful 21,000 plus square foot restaurant, lounge and event center on the edge of the Snake River Canyon in Twin Falls, Idaho. We broke ground in July 2007 and I ask to have the project done by the end of March 2008 so we could host events scheduled for April 2008. They started the schedule with the ending date of March 31 and worked the schedule backward to the start date. They convinced all the sub contractors to work together to make the ending date and held group meetings every couple of weeks to encourage everyone to stay on track. On March 31, 2008 they handed me the keys to the building as the project was completed and ready to occupy. Most people did not think this would be possible but Michael never had a doubt. I found Michael to be outstanding in every aspect of this project, his team seems to respect him and as a result they respond to him to get the job done. Michael is calm, thoughtful, patient and a real joy to work with on such a demanding project. He is a problem solver and never was there a situation that after he gave his thoughtful consideration could not be resolved. I believe Michael to be very honest and always looking for ways to help save the client money by suggesting alternative methods of construction from what the architect or others may have designed. This was my third project using Starr Corporation and my first with Michael as the owner. I could not ask for a better company to do business with and Michael has picked up where his dad left off to operate a first class construction business. I give Michael and his team at Starr Corporation my highest rating and would recommend them to anyone who wants a quality project built. Please feel free to contact me with any questions.

Sincerely,

Dan Willie, Owner
