Mr. Michael Arrington  
Starr Corporation  
P.O. Box 46  
Twin Falls, ID. 83303-0046

January 9, 2009

Dear Michael:

Starr Corporation completed our 50,000 square foot new manufacturing plant in Twin Falls in June 2008.

I am very pleased with all facets of the construction project, from specifying and quoting all the way through to completion. Starr staff maintained detailed updates and communicated job changes as they occurred. Also, since I am based in Indiana, Jason Derricott, site supervisor, continually sent digital photos to me so I was informed of progress and activity between trips to Idaho. The project was completed to our satisfaction.

I recommend Starr Corporation to other clients due to the professional handling of our project. I am impressed that Starr does what they say they will do.

Sincerely,

A handwritten signature in black ink that reads 'Matt Bunner' with a long, sweeping underline.

Matt Bunner
